The Board of Clark County Commissioners met in regular session pursuant to adjournment in accordance with Section 121.22 O.R.C. (Sunshine Law) at the Commission Chambers, 50 E. Columbia Street, Springfield, Ohio.

The following members and guests were present: Commissioner Richard L. Lohnes; Commissioner John Detrick; Commissioner David Hartley; Nathan Kennedy, County Administrator; Megan Lokai, Clerk; Jim Strohl; David Finfrock, Bethel Township Trustee; Dave Harber; Michael Cooper, Springfield News Sun; Michelle Noble, Human Resources Director.

Commissioner Lohnes opened the meeting and introductions were made.

Tillie Lane Flooding, Bethel Township: Mr. Finfrock, Bethel Township Trustee, spoke about the flooding on Tillie Lane. He wanted an update. Commissioner Lohnes has worked with Mr. Simpson at Soil and Water. He was told the bottom line was it would cost residents to fix the problem. Mr. Finfrock suggested putting in a swale. He restated his idea that was presented a couple weeks ago. He stated the neighbors that are on the hill and don't have any water problems do not want to pay to fix it. The dirt was placed on the wrong side of the bank. If a swale was cut to the creek it would solve the problem. The flooding in this area has been a problem for 24 years and he wanted to get it fixed before he left office. Commissioner Lohnes stated he would coordinate a meeting with Mr. Simpson and County Engineer John Burr to discuss the issue. Mr. Finfrock read and handed out copies of an opinion from the Prosecutors Office to Bethel Township. Mr. Finfrock urged the Commissioners to get this problem fixed quickly. Mr. Harber added Mr. Simpson suggested a swale down his property line that would be 18-24 inches max. He said that wouldn't be enough. The house next to him was torn down but it didn't fix the problem. He was concerned about his property value.

Agenda Review:

Commissioner Hartley asked about the following resolutions:

Resolution 2013-0781: Commissioner Hartley asked about the travel request for Community Development. Mr. Kennedy explained a truck needed repair that he County Garage could not fix. This was stated for insurance reasons.

Commissioner Hartley requested a separate vote on Resolution 2013-0764.

Commissioner Detrick asked about the following resolutions:

Resolution 2013-0765 authorized the participation agreement with CEBCO. Ms. Noble spoke about the rates. The rate was 6.7% which included the Affordable Health Care Act costs. It was a pretty good rate. She noted there was more utilization of the plan this year due to Wellness. Well visits increased which uncovered some issues for people that needed additional care. That was a good thing because problems were being detected earlier rather than later. In the end that will save the county money. The discount on prescriptions was almost two points. If it were on the open market it could have been 15%. Commissioner Lohnes asked about doing an RFP to offer extra types of insurance. Ms. Noble explained a survey was done and the most popular response was pet insurance. Apparently, it was a new trend that some companies offer their employees as part of their benefits.

Ms. Noble noted co-pays will count toward the out of pocket limit beginning in 2014, which was a benefit to the employee. Per the Affordable Care Act it will be required in 2015. CEBCO decided to make it effective in 2014 for all groups. In addition the prescription drug co-pay will count towards the out of pocket limit beginning in 2015. In 2015, all co-pays will need to be increased some to compensate for this. People will be hitting their out of pocket limit a lot sooner.

Commissioner Hartley explained CEBCO was not using CVS for the pharmacy plan but will be using Express Scripts. They gave a much better quote this year and were more responsive than CVS. The county will still receive prescription drug rebates. The county had very high usage in generic drugs, which was good. The plan has a generic incentive to help save costs.

Ms. Noble added the health fair for county employees and their dependents was tomorrow. All the vendors attend. Employees and their dependents can receive flu shots and general information to keep them healthy. There will be a shorter open enrollment period this year for county employees. October 31st staff will hold the enrollment meetings. The deadline for enrollment will be November 15th.

Resolution 2013-0767: Commissioner Detrick received a complaint about Highview in Limecrest not being paved. It was the main roadway with a lot of traffic.

Resolution 2013-0768: Commissioner Detrick asked what the timetable was on the Spangler Road project. Mr. Kennedy said he did not know. This was for the design phase.

Resolution 2013-0769: On October 4th there will be a ribbon cutting for State Route 794. .

Resolution 2013-0771 authorized a contract amendment extending the date of the contract with Champaign County. It was for the QIC-DR program. The other counties that participate are Richland, Summit, Madison, and Montgomery.

Resolutions 2013-0772 & 0773: He was glad to see outside money coming in.

Resolution 2013-0778: There were 21 delinquencies. He wondered if the collectors were following through. Mr. Kennedy explained some of the properties could be rental properties.

Resolution 2013-0779: He was pleased to see one person off the list.

Resolution 2013-0764: Commissioner Detrick was glad to see the number of bids for Springview Phase II. This project will actually save the county money.

Commissioner Updates: Commissioner Lohnes attended the OIC luncheon and received an award for the county for participating in the summer youth program. He gave some details. On Saturday the Davey Moore statue was dedicated. He had a meeting Friday with the City regarding the countywide dispatch plan. They were fine tuning the agreement and bylaws. Once it is complete it will be on the agenda for a vote. Commissioner Lohnes suggested using the casino funds as a way to defer the total cost for all the entities involved with dispatch. He was hoping to get the last four townships involved. He submitted a grant application for $100,000. It will pay for consulting fees, equipment, and initial capital.

Commissioner Lohnes also met with Dr. Smith and Dr. Wright at the OSU Extension Offices about the gardens. They were unaware of the controversy over the gardens. He would be meeting today with Ms. Bennett to go over those issues.

Commissioner Detrick attended the Farm Science Review. He also met with Dr. Smith and Dr. Wright. He attended a Fatherhood event last Wednesday. The County Commission established the Fatherhood Commission. Commissioner Detrick presented a proclamation at the Petticrew Center for adult daycare. There were 42 people enrolled. There was a house dedication on Linden Avenue that was built by Habitat for Humanity. He met with Hobson's people Monday and listed several other things he had going on.

Commissioner Hartley said last Wednesday he and Michelle went to the CEBCO meeting and he felt very good about the future of CEBCO. At the CCAO meeting Friday people were very upset about Local Government Funds being cut. Mr. Kennedy said it was around a 1-2% cut for the county. The CCAO meeting went on forever discussing marijuana.

The Board recessed until 10:00.

Call to order, Commissioner Lohnes Resolution 2013-0763

Following the pledge and invocation, Commissioner Hartley moved to approve the minutes of the last meeting and dispense with reading of the same. Commissioner Detrick seconded the motion. The roll being called for passage resulted as follows:
