

The Board of Clark County Commissioners met in regular session pursuant to adjournment in accordance with Section 121.22 O.R.C. (Sunshine Law) in the Commission Chambers, 3130 East Main Street, Springfield, Ohio.

The following members and guests were present: Commissioner Melanie F. Wilt; Commissioner Lowell R. McGlothin; Commissioner Richard L. Lohnes; Jenny Hutchinson, County Administrator; Michelle R. Noble, Assistant County Administrator/Human Resources Director; Megan Burr, Commission Clerk; Beau Thompson, Assistant County Prosecutor; Tom O'Neal & Ron Coss, Veterans Services; Dale Henry; Mike Lowery; Kathleen Matthews; Sydney Dawes, Springfield News Sun.

Commissioner Wilt called the meeting to order and introductions were made.

Audience Comments:

Ms. Matthews is president of the Mud Run Conservancy. Back in 2019, she asked about naming one of the unnamed waterways in Mad River Township which was successful. This time she was here to name the only tributary to Coyote Run. The selected name is Pup Creek. It is just over a mile long. Since it is so short the Ms. Matthews was able to access the various properties that abut it to take pictures. This time she attended the Greenon Open House to speak about this. The school held a vote for the name of the tributary and 727 students voted for their favorite name. Ms. Matthews spoke with township trustees and they concurred with the name. The next step is asking the Board of County Commissioners for a resolution of support. Ms. Matthews will submit everything to the State for approval. Commissioner Wilt loved the process. Commissioner McGlothin asked how long the creek was. Ms. Matthews replied just over a mile. Ms. Matthews provided a sample resolution template and thanked the Board.

Agenda Review:

Ms. Hutchinson reviewed the agenda.

Resolution 2022-0112 authorized a contract with Armcorp Construction Inc. for the Family Services Home Road Complex Renovation. This is the second best bidder. The first did not make it through the contract process. The \$4.4 million is within the engineer's estimate. This property is the old Children's home on the Home Road campus near the Health District.

Resolution 2022-0113 authorized a contract with Silco Fire & Alarm to install fire alarm devices at the building Project Woman leases from the County. It is also located on the Home Road campus.

Resolution 2022-0114 authorized contract amendment #1 with Oregon Group for the jail roof. Staff has been working with them to finalize the design of the Jail roof. At this point she did not recommend proceeding with replacing it. The costs have doubled. If it doesn't look like the costs will reduce later this year, the Board will need to go ahead and replace the roof. This will replace the entire roof on the jail and take it down to the base. Commissioner Wilt said the original contract was just to help design the project. This part is for the bid and construction documents management. Commissioner Wilt asked if it was bid out or if it was under the threshold. Ms. Hutchinson said it didn't have to be bid out since it was architectural services.

Resolution 2022-0115 authorized contract with Columbus Equipment for the County Engineer. It is a not to exceed contract for rental equipment as needed. It is paid for with motor vehicle & gas tax (MVGT) funds.

Resolution 2022-0116 authorized a contract with Oakes Door service for maintenance and repairs as needed through the year. This is for the County Engineer.

Resolution 2022-0117 acknowledged the 2022 Unit Price bids for asphalt emulsion, fog seal and aggregate. It is an annual bid. The Engineer has noticed significant price increases due to the market.

Resolution 2022-0118 authorized the contract with DataYard for the Department of Job and Family Services. This is for internet.

Resolution 2022-0119 replaces resolution 2022-0104 last week. The last one item for West Central was accidentally left off. This resolution replaces the one prior to correct it.

Resolution 2022-0120 dissolved the Microfilm Board. The Microfilm Board isn't a necessary step anymore.

Resolution 2022-0121 authorized placement on the tax duplicate for unpaid water and sewer use charges. A lot of them are rentals.

Resolution 2022-0122 authorized the jail report for the month of January. See attached. Most of the costs are food and medical expenses.

Resolution 2022-0123 authorized weekly travel expense requests.

Resolution 2022-0124 authorized the contract with the FOP Collective Bargaining Unit for Corrections Officers. This is the first year. When the corrections officers started they were civil servants. Since then they have decided to unionize. Commissioner Lohnes requested a separate vote.

County Commissioner Updates:

OSU Extension Funding:

Commissioner Wilt asked about the OSU Extension [referred to as "Extension"] budget. Extension expressed concern to Commissioner Wilt about the requirements of the university for carry over balance. At this funding level Extension does not have the staff for a local foods council representative. Commissioner Wilt wanted to make sure that was in the budget. Ms. Hutchinson explained during the budget meeting Extension stated they could maintain the staff they had with their budget. Commissioner Wilt said the local foods coordinator would have been an additional position. Extension was kept flat since they are using their carry over. In the Board's budget it was reflected as a reduction. Ms. Hutchinson explained no other entity has a carryover of 50%. Commissioner Wilt stated again she wanted them to hire a local foods council coordinator. If there isn't funding, can they come back midyear. Ms. Hutchinson replied yes. Commissioner Wilt was under the impression there was funding in the budget the Board approved for that position.

Commissioner Lohnes said during the budget meeting with Extension they presented a plan. If Extension continued with the \$270,000 budget from the Board, they planned for staffing increases for three years (knowing there would be a retirement). Commissioner Lohnes felt they would regularly need the full funding if they hired additional positions. He recalled during that meeting Ms. House said they would be back to their regular plan in three years.

Ms. Hutchinson said they have a \$350,000 carryover. They also have unfilled positions within their budget. Extension can utilize those funds to hire a local foods council coordinator. Ms. Hutchinson was concerned about funding if the County has a bad year and reductions have to be made.

Commissioner Wilt said the local foods council coordinator was at her request.

Ms. Hutchinson stated that wasn't mentioned during the budget meeting with Extension. Commissioner Lohnes didn't remember it either.

Commissioner Wilt remembered stating it in the budget discussion during the Commission Meeting.

Catawba Request for Funds:

Commissioner Wilt received a request from Catawba requesting ARPA funds to build their village office. Catawba did receive CDBG (Community Development Block Grant) money to tear down the old school. The village council was using that space for their meetings. In the short term, they are meeting in the township offices. Ms. Hutchinson said Ms. Harris has been working with them. Commissioner Lohnes wasn't sure about an option to allow the Board to build new construction for other government offices. It would be discussed in the ARPA meeting. ARPA funds are being used to build the offices for the Fairgrounds. Mr. Thompson said that was permissible due to it being a preexisting plan that was shuffled back due to the pandemic. Commissioner Wilt wasn't sure she was recommending it, but she wanted to pass it along.

Commissioner Wilt is working on the local OneOhio group.

Commissioner Wilt asked how often the IS Department report was to be sent out. Ms. Hutchinson replied once a month.

Commissioner Wilt understood the Fair Board and OEAA have developed a workgroup to share info and talk through recommendations from strategic plan.

Commissioner Lohnes noted the reentry update Ms. Hutchinson sent. The ARPA team moved money to hire a director for this in the amount of \$250,000. It would be a cost that could be paid through 2026 using ARPA. After that it will be paid for through the general fund if the Board approves it. The Reentry program is very important. Commissioner Lohnes felt the County should keep it in house. This director would coordinate all the entities that were coordinated before. Ms. Hutchinson needs an unofficial "yes" to get the position posted. Commissioner Wilt wanted to read it closer. In theory, she supported it. Commissioner Lohnes approved posting the position. Commissioner McGlothlin thought the committee did a great job putting it together.

County Administrator Updates:

Ms. Hutchinson reminded everyone of the Greater Springfield meeting on February 23rd. The table is full.

The RFQ (Request for Qualifications) for the architect services for the Courthouse will be released on Thursday with responses due by March 31. The second elevator modernization at the Public Safety Building RFP (Request for Proposals) will be released Friday with responses due March 25.

Commissioner Lohnes moved to go into executive session to discuss imminent litigation. Commissioner McGlothlin seconded the motion. The roll being called for its passage resulted as follows:

Commissioner Lohnes, Yes; Commissioner McGlothlin, Yes; Commissioner Wilt, Yes

The Board recessed until 10:00 a.m.

Call to Order, Commission President Wilt

Resolution 2022-0111

Following the pledge, Commissioner Lohnes moved to approve the minutes of the last meeting and dispense with reading of the same. Commissioner McGlothlin seconded the motion. The roll being called for passage resulted as follows:

Commissioner Lohnes, Yes; Commissioner McGlothlin, Yes; Commissioner Wilt, Yes

Commissioner Lohnes moved to approve the agenda in its entirety with the exception of Resolution 2022-0124. Commissioner McGlothlin seconded the motion. The roll being called for passage resulted as follows:

Commissioner Lohnes, Yes; Commissioner McGlothlin, Yes; Commissioner Wilt, Yes

Commissioner Lohnes moved to approve Resolution 2022-0124. Commissioner McGlothlin seconded that motion. The roll being called for its passage resulted as follows:

Commissioner Lohnes, No; Commissioner McGlothlin, Yes; Commissioner Wilt, Yes
