IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER Reporting Requirement(s) Not Met for Clark County Rockway PWS

We issued an incorrect notification regarding seven (7) water services based on the information we had at the time verification was provided to the State in October of 2024. This resulted in inadequate notification being issued and late verification status.

Our system failed to demonstrate to the State that it delivered annual notifications and information to affected consumers with lead, galvanized requiring replacement, or lead status unknown service lines as required by July 1, 2025. Although the failure to comply with the reporting requirement does not create a risk to public health, we are required to inform you of this violation and provide additional information including what we did to correct the situation.

It is important for consumers to know if the water they are receiving has been delivered through a lead, galvanized requiring replacement (GRR), or lead status unknown service line so they can make decisions on whether and what actions to take to reduce their exposure to lead in drinking water.

What should I do?

There is nothing you need to do at this time. You do not need to boil your water or take other actions. Remember, boiling water does not remove lead from water.

For more information on reducing lead exposure around your home/building and the health effects of lead, visit the EPA's websites at <https://www.epa.gov/ground-water-and-drinking-water/basic-information-about-lead-drinking-water> and <http://www.epa.gov/lead>.

What is being done?

Since learning of the error, we have further documented the water service line material type for the seven (7) water services and can now correctly verify that you were previously provided with the correct water service line notification. We are no longer in violation.

For more information, please contact **Chuck Bauer** at 937-521-2155, cbauer@clarkcountyohio.gov or **PO Box 1303, Springfield, Ohio 45501-1303**.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Clark County Rockway PWS.
Public Water System ID#OH1201203.

Date distributed: November 14, 2025
